Running for Office in 2022?

Every year is election year in Massachusetts. It is expected that 2022 will be particularly busy for OCPF with candidates and ballot questions appearing on the state and local ballots across the Commonwealth. If you or someone you know will be involved in a campaign in 2022, the starting point is www.ocpf.us.

The purpose of the campaign finance law is to provide disclosure to the public of money raised and spent by candidates and committees. Legislation sets the parameters for reporting periods and the methods of reporting. OCPF accomplishes its mandate through reporting systems targeted to the particular office, including traditional paper, depository bank and e-filed reports.

Some candidates and committees file reports through the depository bank system.

THE 2022 STATE ELECTION YEAR

OCPF’s central focus in the 2022 state election year will be to assist candidates and committees with disclosing campaign finance activity on our website. We anticipate that more than 30,000 campaign finance reports will be filed by candidates and committees during the year, for statewide, legislative and county candidates, as well as PACs, independent expenditure PACs, parties and statewide ballot question committees.

Candidates and PACs: Reports will be filed monthly by their banks to disclose expenditures, as candidates disclose contributions by filing deposit reports after making deposits at the bank.

Statewide ballot questions: The first report disclosing 2022 activity will be filed Sept. 9.

IEPACs: Also known as Super PACs, these committees file reports when they distribute communications to support or oppose candidates.

Local Parties: Will file three reports: pre-primary, pre-election and year-end.

New candidates who run for office in 2022, and PACs and state ballot question committees, should contact OCPF prior to raising or spending money. Click here for access to campaign finance guides, and here for OCPF’s “contact us” page.
New Educational Videos

Candidates and committees often ask how they can create a database of their past donors. It’s easy to do on OCPF’s website. [CLICK HERE](#) for a short demonstration.

If your merchant provider refunded a contribution without your knowledge, [watch this video](#) to learn how to disclose that activity. A merchant provider is a company that processes credit and debit card contributions.

Massachusetts public employees sometimes work on federal campaigns. [This video](#) provides guidance for such employees.

Recent Cases and Rulings

OCPF audits all campaign finance reports and reviews all complaints alleging violations of the campaign finance law. These audits and reviews may result in enforcement actions or rulings (below). The identity of any complainant is kept confidential. Click here for PDF copies of the public resolution letters below.

Public Resolution Letters

A public resolution letter may be issued in instances where the office found “no reason to believe” a violation occurred; where “no further action” or investigation is warranted; or where a subject “did not comply” with the law but, in OCPF’s view, the case is able to be settled in an informal fashion with an educational letter or a requirement that some corrective action be taken. A public resolution letter does not necessarily imply a wrongdoing on the part of a subject and does not require agreement by a subject.

CPF-21-91: Jennifer Macksey, North Adams. Did not comply (public employee); 11/6/2021. Macksey, a candidate for mayor and a public employee, signed a letter encouraging people to attend a fundraiser benefitting her political committee. Public employees may not solicit campaign funds, directly or indirectly. Once Macksey was made aware of the issue, she promptly refunded contributions that were offered in response to the invitations and refused to accept contributions at the event.

CPF-21-143: William Sittig, West Roxbury. No further action (public employee); 11/30/2021. Sittig, a Boston Public Schools employee, shared a fundraising post on his personal Facebook page. Public employees may not solicit campaign funds, directly or indirectly.

CPF-21-69: Leonard Lee, Dorchester. No reason to believe (disclosure); 11/30/2021. Lee, a candidate for Boston City Council, leased two billboards for his candidacy. The owner of the billboards did not immediately bill the Lee Committee, creating the appearance that an expenditure was not disclosed to the public. Once made aware of the issue, the billboard owner billed the committee and the expenditure was disclosed in August.

CPF-21-82: Malo Brown, Springfield. Did not comply (public employee); 12/16/2021. Brown, a Springfield city councilor and public employee, shared fundraising materials on his personal Facebook page for his own committee. Public employees may not solicit campaign funds, directly or indirectly. To resolve the issue, the committee made a donation of $1,000 to a charity of the candidate’s choice.

2022 FILING SCHEDULE FOR HOUSE AND SENATE CANDIDATES

A candidate’s bank will file reports by the 5th of each month, disclosing the deposit total for the month and the itemization of expenditures.

Candidates must itemize contributions (deposits) by filing deposit reports. OCPF highly recommends filing deposit reports within three days of deposit. However, the statutory schedule for filing deposit reports is as follows:

- Due by April 20, covering Jan. 1 through March 31
- Due by July 20, covering April 1 through June 30
- Due eight days before the primary election*
- Due Oct. 31, eight days before the Nov. 8 general election

*The primary election date has not yet been finalized.
OCPF is holding a training class for traditional political action committees, focusing on issues that arise during a state election year. Individuals who want to learn more about PACs and how they operate and report can e-mail us at OCPF@cpf.state.ma.us to request an invitation to the Zoom training class:
FRIDAY, JAN. 14, Noon
The one-hour class will be helpful for new PAC officers and experienced PAC operators.

Continued: From the Director

The depository candidate offices on the 2022 state election ballot include governor, lieutenant governor, attorney general, secretary of state, state treasurer, state auditor, governor’s council, state senator, state representative, district attorney, sheriff and county commissioner. State ballot question committees register and e-file reports with OCPF. Although not on the ballot, political action committees (PACs), people’s committees and the state parties also report through the depository bank system. Independent expenditure PACs (IEPACs) file reports as they make expenditures. All of these candidates and their committees must organize with OCPF before raising or spending money on their campaigns. Congressional candidates will be on the ballot in 2022, however their reports are filed with the Federal Election Commission (FEC).
In addition, scores of races will appear on local ballots at annual town elections. These candidates will file with their municipal clerk or election official. Although candidates can file hand-prepared reports, they are encouraged to register and report using the web-based R7 reporting system. This will simplify record keeping and provide printed reports for the candidates to sign and file locally. Local ballot question committees must register and file reports with their local election official before raising or spending money.
Whatever office is sought or ballot question proposed, starting at the OCPF website will provide candidates and committees with all the information they need to comply with the campaign finance law. OCPF staff are also available by telephone and email to assist you in navigating the requirements for your campaign.

Candidates and committees who file campaign finance reports on the local level must provide specific reporting periods, and file by certain deadlines. OCPF has created a calculator that will provide those dates for local election officials, candidates and committees. **CLICK HERE** for the calculator.
Candidates and committees may reimburse individuals for the use of their personal vehicles for political purposes at the IRS mileage rate.

The rate in 2022 is 58.5 cents, up from 56 cents in 2021.

When a candidate or committee reimburses an individual for miles, please include a specific purpose for the expenditure in the memo section of the check. Example: “Mileage reimbursement for travel to Veteran’s Day event in Springfield.”

Records of miles driven and the purpose should be kept internally by the candidate or committee (mileage log).

**Indexing amounts for 2022-23**

The campaign finance law requires OCPF to adjust two specific contribution limits every two years based on the Consumer Price Index for the Greater Boston area. The first is the limit on the amount an individual may contribute to a people’s committee during a calendar year. The second is the amount of any individual contribution that may be collected (bundled) by regulated intermediaries or conduits.

OCPF has computed the new limit for both at $191, effective Jan. 1, 2022. [Click here](#) for the full memo.
**OCPF Q&A**

**QUESTION:**

**MAY I USE THE CAMPAIGN DEBIT CARD TO FUEL MY PERSONAL VEHICLE?**

**ANSWER:**

**NO. COMMITTEES SHOULD USE THE IRS MILEAGE REIMBURSEMENT RATE FOR THE USE OF PERSONAL VEHICLES FOR CAMPAIGN PURPOSES.**

**I’M AN ELECTED OFFICIAL. CAN MY CAMPAIGN BUY FLOWERS FOR AN EVENT AT THE HIGH SCHOOL TO HONOR TOP STUDENTS?**

**YES. PROVIDING FLOWERS AT A PUBLIC EVENT ENHANCES A CANDIDATE’S POLITICAL FUTURE AND IS NOT PRIMARILY PERSONAL.**

---

**OCPF RECEIPTS REMINDER**

Candidates, parties and PACs may not accept contributions (monetary or in-kind) from businesses, such as corporations, S-corps, LLCs, LLPs and partnerships. Businesses may contribute to ballot question committees, independent expenditure PACs and segregated funds, such as inaugural funds.

CANDIDATES THAT DO NOT FILE THIS STATEMENT WILL NOT APPEAR ON THE PRIMARY OR GENERAL ELECTION BALLOT. For candidates enrolled in a political party, this statement will be due by June 7, 2022. Candidates not enrolled in a political party will be required to file the statement by Aug. 30, 2022. OCPF will provide each candidate with the statement and will assist candidates and their committees to ensure timely filing.

NEW FORM FOR TOWN/CITY CANDIDATES WITH NO ACTIVITY (LOCAL FILERS)

The new CPF M109 form is for candidates who file locally and have no financial activity, no balances and no committee.

Some candidates, especially in towns, may never raise or spend money, but are still required to file campaign finance reports with “zero” activity each reporting period.

This form is filed in lieu of the pre-preliminary, pre-election and post-election reports.

Candidates are still required to file the year-end report, due each Jan. 20, even if they had no activity and filed the CPF M109 form.

LOCAL PARTY COMMITTEE
TRAINING DATES

OCPF will host three special training classes for local party committee treasurers and officers.

The optional one-hour class will review how to raise and spend money, and how to file reports with OCPF.

This class is recommended for anyone involved in operating a local party committee.

Please e-mail jtait@cpf.state.ma.us for a Zoom invitation.

Tuesday, March 8, 6 p.m.
Monday, March 14, 9 a.m.
Thursday, March 24, 6 p.m.

Changes to the state’s campaign finance regulations

OCPF will propose changes to the state’s campaign finance regulations this winter. The proposed changes will be posted to the OCPF website at www.ocpf.us, with additional information on the agency social media pages.

Jan. 25: The proposed regulations will be posted to the website, and a notice for a public hearing published in a newspaper.

Feb. 15: Public hearing, 2 p.m. via Zoom.

Recent changes in the campaign finance law (Chapter 123 of the Acts of 2019) modified reporting requirements for candidates and political committees. The revised regulations will make the regulations consistent with the statute. In addition, the revised regulations will clarify existing regulations, address changes in agency practice, and respond to frequently raised questions.

Contact Jason Tait at jtait@cpf.state.ma.us for an invitation to the Zoom meeting.
WHAT’S THIS?

OCPF’s depository filers may have noticed a new tab on the summary page of their deposit reports.

This new tool allows a candidate or committee to accurately reflect contributions that have been refunded directly by merchant providers, the entities that collect credit and debit card contributions.

CLICK HERE for a demo video on how to disclose contributions that were directly refunded to a contributor by a merchant provider.

You may need direct assistance the first few times you use the tool. Please contact an OCPF auditor at 617-979-8300, and he or she can talk you through the process.
How do I update my e-mail address with OCPF?

1. Log into Reporter 7 and click the “tools” tile

2. Click the “filer information” tile

3. Update the e-mail address and click the save button at the bottom of the page

Nearly all of OCPF’s communications with candidates and committees are by e-mail. It is very important that candidates and committees provide OCPF with e-mail addresses that are checked frequently. Please ensure that correct and frequently-checked e-mail addresses are on file with OCPF. We also ask that OCPF is marked as a “safe sender” so our e-mails are not blocked by SPAM filters.
